<b>17. Does the Institution have Management Information System ?</b>	Yes
--	-----

If yes, give a brief descripton and a list of modules currently operational (maximum 500 words)	<p>Management Information System</p> <p>Management Information System in Chendhuran College of Engineering and Technology is an implementation of the organizational systems and procedures in a systematic manner. The three components of MIS provided are System which suggests integration and holistic view, Information which is used for processed data, and Management for the decision makers. Management covers the planning, control, and administration of the operations of a concern. The top management handles planning the middle management concentrates on controlling and the lower management is concerned with actual administration.</p>
---	---

Information, in MIS, means the processed data that helps the management in planning, controlling and operations. Data means all the facts arising out of the operations of the concern. Data is processed i.e. recorded, summarized, compared and finally presented to the management in the form of MIS report. Data is processed into information with the help of a system. A system is made up of inputs, processing, output and feedback or control. Thus MIS means a system for processing data in order to give proper information to the management for performing its functions. Objectives of MIS Following are the basic objectives of an MIS ?

Capturing Data ? Capturing contextual data, or operational information that will contribute in decision making from various internal and external sources of organization. Processing Data ? The captured data is processed into information needed for planning, organizing, coordinating, directing and controlling functionalities at strategic, tactical and operational level. Processing data means ?

- Making calculations with the data
- Sorting data
- Classifying data and
- Summarizing data

Information Storage ? Information or processed data need to be stored for future use.

Information Retrieval ? The system should be able to retrieve this information from the storage as and when required by various users.

Information Propagation ? Information or the finished product of the MIS should be circulated to its users periodically using the organizational network.

## Part B

### **CRITERION I – CURRICULAR ASPECTS**

#### **1.1 – Curriculum Planning and Implementation**

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Teaching learning processes need revitalization of the methods of teaching so as to reach the students effectively. This involves the effective delivery of course as well as subject contents not only through the conventional chalk and talks method, but also using the advanced teaching tools and techniques. NPTEL enabled teaching learning processes are widely practiced to enhance the teaching learning outcomes through well planned and effective delivery of the curriculum which include.

- Academic Calendar department wise and college level

and Teaching Plan are prepared before the commencement of every semester. • Notes of lessons are prepared. • The students are provided with the copy of syllabi • The students refer the Question Bank prepared by the staff members and also given assignments on regarding the question bank. • The contents of the syllabi are delivered by the teachers through the convenient method. Besides teaching, learning practices are always encouraged and practiced. 'Smart' Boards, NPTEL sources are available to provide virtual library facilities. • The feed back obtained from result analysis to enhance the learning outcome the faculties utilize all the various methods like adaptation of computers, special softwares etc.... • The available internet facility in the campus and the books, journals and E-resources of learning materials promote self-learning • For every semester there is Conduction of Seminars / conferences/ workshops facilitate advanced learning. • The projects and mini projects guided by the teachers helps the students to gain practical learning.

#### 1.1.2 – Certificate/ Diploma Courses introduced during the academic year

### 1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained

infrastructure for teaching facilities, teaching methods, etc., which enhance the learning outcome. • Feedbacks are received from the stakeholders at middle and end of the semester for the courses with respect to the content delivery and course outcomes .The institution frequently collects the feedback on curriculum from students and stakeholders. The Institution forwards the suggestions regarding a particular syllabus to University for corrections. To adopt the revised curriculum, special lectures, FDPs are organized. Additional laboratory hours are provided to conduct experiments beyond the syllabus to enrich the practical knowledge of the students. Also the institute will write to the University if there is any discrepancy in the University Question papers, and other related matters. Feedback Analysis • Feedback is collected from students teacher, employee, alumini and parents once in a semester in the written format and goggle form. • Feedback is taken during class committee meeting by class Advisors. • Oral feedback is collected by Heads of the Department with details of the syllabus covered. • Random feedback is taken directly by Principal from the students department-wise and oral discussion with their parents. • Feedback is also being collected by the respective mentors on regular basis. • The end-semester result analysis also being taken as part of feedback process. • Student’s feedback about individual faculty performance review meeting is conducted for the faculty who has secured less than class average by the Management. • Head of the Department along with overall lab in-charge analyzed the feedback about lab in-charge and lab assistants and motivate them to satisfy the student’s requirements towards acquiring technical skills. • Feedbacks on college facilities are obtained from the students are analyzed and the summary is sent to the Management Representative for further action. • Informal feedback is being taken during their visit to the institution and also during parent’s meeting. • Parents Teachers meeting is conducted once in a semester. • During the meeting the feedback is obtained regarding college facilities. • The summary is sent to the Management Representative for further action. • Regular Teachers-Parents meeting is conducted every semester for sharing the views and ideas of parents. • Also it is enable to direct interaction of staff members and parents to analyse the performance of students and to boost up their activities in a right way. • The feedback is collected from the employers and industries during the Campus Drives. • Alumini Feedback is collected every year during the graduation day.

## CRITERION II – TEACHING- LEARNING AND EVALUATION

### 2.1 – Student Enrolment and Profile

#### 2.1.1 – Demand Ratio during the year

Name of the Programme	Programme Specialization	Number of seats available	Number of Application received	Students Enrolled
BE	ELECTRONICS AND COMMUNICATION ENGINEERING	60	40	32

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Mentoring system is being implemented effectively from first year as well as in every Department by assigning students for every faculty as per norms. Mentors not only continuously observe progress of students under them but also provide them required guidance. Each mentor maintains the academic records of the allotted students. Mentor has direct communication with the allotted students. The Parents/Guardians of poor attendee/performance students are called to meet the Coordinator and corrective and preventive measures are implemented for further improvement. The mentors take initiative to arrange coaching classes. Each mentor maintains the entire student Information, which is examined by the class coordinator and HOD's. The objectives of the practice followed by the Institute are: • Improvement of teacher-student relationship • Counseling students for solving their problems and provide confidence to improve their quality of life. • The system envelops persistent observation of students execution, recognizing qualities, weaknesses and offering passionate backing and particular proposals to enhance the students in all regards • Some of the key responsibilities of mentors are:

- o Continuously motivate, guide and provide necessary counseling to the mentees in all academic related matters such as choice of electives, project, summer training etc.
- o Continuously monitor academic performance of students and inform parents whenever need arise. .
- o Advise students in their career development/professional guidance.
- o Keep contact with the students even after their graduation.
- o Encourage students for participation in academic competitions/conferences/Seminars /Workshops

Number of students enrolled in the institution	Number of fulltime teachers	Mentor : Mentee Ratio
899	134	1:7

## 2.4 – Teacher Profile and Quality

2.4.1 – Number of full time teachers appointed during the year

No. of sanctioned positions	No. of filled positions	Vacant positions	Positions filled during the current year	No. of faculty with Ph.D
134	134	0	23	0

2.4.2 – Honours and recognition received by teachers (received awards, recognition, fellowships at State, National, International level from Government, recognised bodies during the year )

Year of Award	Name of full time teachers receiving awards from state level, national level, international level	Designation	Name of the award, fellowship, received from Government or recognized bodies
2016	NIL	Nil	NIL

## 2.5 – Evaluation Process and Reforms

2.5.1 – Number of days from the date of semester-end/ year- end examination till the declaration of results during the year

Programme Name	Programme Code	Semester/ year	Last date of the last semester-end/ year-end examination	Date of declaration of results of semester-end/ year- end examination
BE	103,104, 106, 105, 114	III/V/VII	20/10/2016	04/02/2017
<a href="#">View File</a>				

#### 2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

• For assessing performance of the students and Continuous Internal Evaluation (CIE) is carried out throughout the semester. Continuous Internal Evaluation is carried out with the help of assignments, internal tests, Mini and major project work, and end semester examination. • We at the institute level prepare and follow academic calendar that is framed as per guidelines provided by AICTE and Anna University. • Some of the reforms are mentioned below: o Conducting additional periodic tests. o Preparation of evaluation plan before start of the semester. o Periodic assignments and its evaluation. o Guiding and counseling students based on their performance. o To bring in the transparency in the process of evaluation of assignments and , the test papers those are given back to the students and their queries are resolved by the concerned teacher in the class room session • For smooth and uniform evaluation process the Institute has general Examination Coordinator for examination cell supported by a Coordinator from each department for smooth, transparent and fair conduction of internal examinations. • Time bound evaluation and declaration of results is planned and executed by the examination cell. Staff meetings are conducted periodically to review the evaluation process. • For CIE we organize three internal examinations in a semester and end semester examinations are strictly in accordance with academic calendar. Schedule for display of assignments, examination dates, declaration of results, submission program, parent teacher meet, etc. are all displayed before the semester actually starts and conducted as per academic calendar.

#### 2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

• For smooth and effective implementation of teaching learning process, every semester we prepare the academic calendar in advance and in concurrence with the academic calendar of the Anna University. • A committee, comprising of Chief Executive Officer, Principal, IQAC Coordinators, members, HODs, and senior faculty prepares and monitors academic calendar taking into consideration various sports, cultural, and co-curricular activities. • Thus the teaching schedule is carried out smoothly also various internal examinations, semester examination dates are planned in advance and conducted without hassle. • This helps students plan their other activities like seminars, project work, training, etc. • The committee continuously monitors the academic calendar vigilantly. The dates for conduction, evaluation and declaration of examination results are strictly observed adhering to the academic calendar. • Academic calendar provides total number of working days scheduled in a semester in advance and in accordance with the time table prepared conduction is monitored against the scheduled. • Every teaching faculty maintains individual course file covering all the activities for the semester. Teaching faculty going on leave invariably makes the alternative arrangement so the students are not put to a loss for their learning hours. Later the faculty compensates for his own lectures or practical lost because of his leaves.

#### 2.6 – Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

<http://chendhuran.ac.in/AQ16/AQ161.pdf>

2.6.2 – Pass percentage of students

Programme Code	Programme Name	Programme Specialization	Number of students appeared in the final year examination	Number of students passed in final year examination	Pass Percentage
103	BE	CIVIL ENGINEERING	62	28	44.44

## 4.4 – Maintenance of Campus Infrastructure

4.4.1 – Expenditure incurred on maintenance of physical facilities and academic support facilities, excluding salary component, during the year

Assigned Budget on academic facilities	Expenditure incurred on maintenance of academic facilities	Assigned budget on physical facilities	Expenditure incurred on maintenance of physical facilities
90	8100189	100	9858111

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

Computers are available for specific use in some departments. The teachers liberally take help of the ICT resources to enrich their prescribed curriculum with the help of internet. The college has adequate computer facility for its faculty. Faculty members are provided with computers with internet browsing facility for preparation of teaching/learning materials in their respective departments. Also Multimedia projectors, OHPs are available within the college for the faculty use. The college also has seminar halls equipped with projectors and are available as and when requested by particular teacher. The college also has a multi media hall.
