**CRITERION I – CURRICULAR ASPECTS**

**1.1 – Curriculum Planning and Implementation**

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Teaching learning processes need revitalization of the methods of teaching so as to reach the students effectively. This involves the effective delivery of course as well as subject contents not only through the conventional chalk and talks method, but also using the advanced teaching tools and techniques. NPTEL enabled teaching learning processes are widely practiced to enhance the teaching learning outcomes through well planned and effective delivery of the curriculum which include.

- Academic Calendar in department level and college level and Teaching Plan are prepared before the commencement of every semester.
- Notes of lessons are prepared.
- The students are provided with the copy of syllabi
- The students refer the Question Bank prepared by the staff members and also given assignments on regarding the question bank.
- The contents of the syllabi are delivered by the teachers through the convenient method.

Besides teaching, learning practices are always encouraged and practiced. 'Smart' Boards, NPTEL sources are available to provide virtual library facilities.

- To enhance the learning outcome the faculties utilize all the various methods.
- The available internet facility in the campus and the books, journals and E-resources of learning materials promote self-learning
- For every semester there is Conduction of Seminars / conferences/ workshops facilitate advanced learning
- The projects and mini projects guided by the teachers helps the students to gain practical learning

1.1.2 – Certificate/ Diploma Courses introduced during the academic year

## 1.4 – Feedback System

### 1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

### 1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
<ul style="list-style-type: none"> <li>Feedback on curriculum and infrastructure is obtained from the stake holders.</li> </ul>

Feedback from the stake holders especially from the students help to assess the infrastructure for teaching facilities, teaching methods, etc., which enhance the learning outcome. • Feedbacks are received from the stakeholders at middle and end of the semester for the courses with respect to the content delivery and course outcomes .The institution frequently collects the feedback on curriculum from students and stakeholders. The Institution forwards the suggestions regarding a particular syllabus to University for corrections. To adopt the revised curriculum, special lectures, FDPs are organized. Additional laboratory hours are provided to conduct experiments beyond the syllabus to enrich the practical knowledge of the students. Also the institute will write to the University if there is any discrepancy in the University Question papers, and other related matters. Student Feedback • Feedback is collected from students once in a semester in the written format. • Feedback is taken during class committee meeting by class Advisors. • Oral feedback is collected by Heads of the Department with details of the syllabus covered. • Random feedback is taken directly by Principal from the students department-wise. • Feedback is also being collected by the respective mentors on regular basis. • The end-semester result analysis also being taken as part of feedback process. • Student's feedback about individual faculty performance review meeting is conducted for the faculty who has secured less than class average by the Management. • Head of the Department along with overall lab in-charge analyzed the feedback about lab in-charge and lab assistants and motivate them to satisfy the student's requirements towards acquiring technical skills. • Feedbacks on college facilities are obtained from the students are analyzed and the summary is sent to the Management Representative for further action. Parents Feedback • Informal feedback is being taken during their visit to the institution and also during parent's meeting. • Parents Teachers meeting is conducted once in a semester. • During the meeting the feedback is obtained regarding college facilities. • The summary is sent to the Management Representative for further action. • Regular Teachers-Parents meeting is conducted every semester for sharing the views and ideas of parents. • Also it is enable to direct interaction of staff members and parents to analyse the performance of students and to boost up their activities in a right way. Employers Feedback • The feedback is collected from the employers and industries during the Campus Drives. Alumini Feedback • Alumini Feedback is collected every year during the graduation day.

## CRITERION II – TEACHING- LEARNING AND EVALUATION

### 2.1 – Student Enrolment and Profile

#### 2.1.1 – Demand Ratio during the year

Name of the Programme	Programme Specialization	Number of seats available	Number of Application received	Students Enrolled
BE	CIVIL	60	0	0

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Mentoring system is being implemented effectively for first year as well as in every Department by assigning about 8 students for every faculty. Mentors not only continuously observe progress of students under them but also provide them required guidance. Each mentor maintains the academic records of the allotted students. Mentor has direct communication with the allotted students. The Parents/Guardians of poor attendee/performance students are called to meet the Coordinator and corrective and preventive measures are implemented for further improvement. The mentors take initiative to arrange coaching classes. Each mentor maintains the entire student Information, which is examined by the class coordinator and HOD's. The objectives of the practice followed by the Institute are: • Improvement of teacher-student relationship • Counseling students for solving their problems and provide confidence to improve their quality of life. • The system envelops persistent observation of students execution, recognizing qualities, weaknesses and offering passionate backing and particular proposals to enhance the students in all regards • Some of the key responsibilities of mentors are:

- o Continuously motivate, guide and provide necessary counseling to the mentees in all academic related matters such as choice of electives, project, summer training etc.
- o Continuously monitor academic performance of students and inform parents whenever need arise. .
- o Advise students in their career development/professional guidance.
- o Keep contact with the students even after their graduation.
- o Encourage students for participation in academic competitions/conferences/Seminars /Workshops

Number of students enrolled in the institution	Number of fulltime teachers	Mentor : Mentee Ratio

<a href="#">View File</a>				

### 2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

• For assessing performance of the students and Continuous Internal Evaluation (CIE) is carried out throughout the semester. Continuous Internal Evaluation is carried out with the help of assignments, internal tests, Mini and major project work, and end semester examination. • We at the institute level prepare and follow academic calendar that is framed as per guidelines provided by AICTE and Anna University. • Some of the reforms are mentioned below: o Conducting additional periodic tests. o Preparation of evaluation plan before start of the semester. o Periodic assignments and its evaluation. o Guiding students based on their performance. o To bring in the transparency in the process of evaluation of assignments and , the test papers those are given back to the students and their queries are resolved by the concerned teacher in the class room session • For smooth and uniform evaluation process the Institute has general Examination Coordinator for examination cell supported by a Coordinator from each department for smooth, transparent and fair conduction of internal examinations. • Time bound evaluation and declaration of results is planned and executed by the examination cell. Staff meetings are conducted periodically to review the evaluation process. • For CIE we organize three internal examinations in a semester and end semester examinations are strictly in accordance with academic calendar. Schedule for display of assignments, examination dates, declaration of results, submission program, parent teacher meet, etc. are all displayed before the semester actually starts and conducted as per academic calendar.

### 2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

• For smooth and effective implementation of teaching learning process, every semester we prepare the academic calendar in advance and in concurrence with the academic calendar of the Anna University. • A committee, comprising of Chief Executive Officer, Principal, HODs, and senior faculty prepares and monitors academic calendar taking into consideration various sports, cultural, and co-curricular activities. • Thus the teaching schedule is carried out smoothly also various internal examinations, semester examination dates are planned in advance and conducted without hassle. • This helps students plan their other activities like seminars, project work, training, etc. • The committee continuously monitors the academic calendar vigilantly. The dates for conduction, evaluation and declaration of examination results are strictly observed adhering to the academic calendar. • Academic calendar provides total number of working days scheduled in a semester in advance and in accordance with the time table prepared conduction is monitored against the scheduled. • Every teaching faculty maintains individual course file covering all the activities for the semester. Teaching faculty going on leave invariably makes the alternative arrangement so the students are not put to a loss for their learning hours. Later the faculty compensates for his own lectures or practical lost because of his leaves.

##### 4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

Computers are available for specific use in some departments. The teachers liberally take help of the ICT resources to enrich their prescribed curriculum with the help of internet. The college has adequate computer facility for its faculty. Faculty members are provided with computers with internet browsing facility for preparation of teaching/learning materials in their respective departments. Also Multimedia projectors, OHPs are available within the college for the faculty use. The college also has seminar halls equipped with projectors and are available as and when requested by particular teacher. The college also has a multi media hall. Internet facility and Library is thrown open to faculty members for learning materials. Also the faculty is provided with Audio-Visual aids which facilitate multimedia teaching. The institution

has always been placing the students at the centre of the teaching learning process. The vision and the mission of the institution have always been to provide holistic knowledge to its students. Keeping the students' learning at the centre of everything, the college understands that the teachers have to be reoriented from time to time. The times have changed. So has changed the way of imparting the knowledge. Use of technology has become very vital in imparting quality based education. The institution encourages the staff to undergo training on the computer-aided teaching and training. The college also has been conducting week-long sessions, in tune with the orientation courses, for the college faculty on the use of computers. The computer department also organizes training sessions on the use of Internet for learning resources. Well equipped computer Labs, LCD and OHPs are available to the faculty for computer aided teaching. The computer faculty is always available for any need based assistance in the use of ICT. Regular maintenance activities are carried out in both buildings and department laboratories. Annual stock verification is carryout every semester to upgrade the laboratories and facilities. According to the curriculum, the laboratories are updated every semester. Depends upon the manufacturer recommendation, the equipments are serviced at periodic interval to keep the sensitive calibration. As and when required, the institution takes up calibration and other servicing measures for the equipment/instruments through suppliers and service personnel periodically and in some cases through annual maintenance services. The departments maintain the complete records of such services. Necessary precautions are taken depending on the equipment before installing them. • Stock registers and service requests are maintained in corresponding registers. • Water supply provision is made near needed equipments/lab and 24 hour water supply is ensured. • Periodic maintenance and calibration of the equipment from suppliers, is made on demand.

7.1.5 – Human Values and Professional Ethics Code of conduct (handbooks) for various stakeholders

Title	Date of publication	Follow up(max 100 words)
Professional Ethics for Various Stake Holders	04/12/2019	Educational stakeholders are government, management, teachers and students. Every one of them has a unique role to play in the betterment of the society which is possible only through right education. So the

role of the government is to make proper policies regarding education. And the role of the management is to provide with the proper environment to teaching-learning process. The teachers are expected to deliver it perfectly by using utilizing all the facilities. Students are expected to learn things and cooperate with the other stake holders.

#### 7.1.6 – Activities conducted for promotion of universal Values and Ethics

Activity	Duration From	Duration To	Number of participants
Rotaract -Ryla(Motivational Program for students)	11/12/2019	11/12/2019	121
<a href="#">View File</a>			

#### 7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

Energy conservation ? Students and Faculty members are being informed through circulars, notifications and conducting awareness Programme about the importance of energy conservation. The stickers reading "Switch off Fans Lights when not required" are pasted in the staff rooms, class rooms and all the laboratories. Utilization of renewable energy • Solar panels have been installed on roof-top of the academic and administrative block which is used for the purpose of water pumping and we also created awareness among the students and faculty members. Water Management • Rain water harvesting structure has been constructed at necessary places inside the campus . Carbon free environment • Ours is a zero carbon emission campus as we do not use refrigerators, air conditioners and other carbon emitting equipments beyond the permitted scale and point. Green Campus • Tree Plantation activities are carried out on a regular basis through NSS and Rotaract club activities.

### 7.2 – Best Practices

#### 7.2.1 – Describe at least two institutional best practices

Best Practice I Mentoring System • As part of the Student Mentoring System, about 5 students are assigned to a faculty as their mentor. • The Parents/Guardians of poor attendee/performance students are called to meet the Coordinator and corrective and preventive measures are implemented for further improvement. • The mentors take initiative to arrange coaching classes. • Each mentor maintains the entire student Information, which is examined by the HOD and the class coordinator Best Practice II Development Activities on Skills and Personality of Students • Basic training on soft skills, quantitative aptitude, logical reasoning and verbal reasoning are conducted along with regular classes throughout the semester by in house experts. • Advanced training on soft skills, quantitative aptitude, logical reasoning and Verbal reasoning are arranged during the semester holidays through expert drawn from leading training houses. • Mock interviews and group discussion are conducted through in-house experts and corporate human resource managers. • In addition, technical skill development activities are periodically conducted.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

### 8.Future Plans of Actions for Next Academic Year

- To enhance the effectiveness of teaching-learning process and bring the improvement in university results.
- To go for NBA accreditation and renewal of NAAC.
- To encourage faculty to attend FDP's / Conferences / Workshops for continuous upliftment.
- Increase industry institution collaborative activities.
- Increase employability rate.
- Improvement in Communication skills of students.
- Organize more number of entrepreneurship development programmes.
- Motivate the students to register for online courses.
- Get minimum of one major funding from external agency.
- Sign minimum of one MoU with an industry.
- To establish more ICT enabled class rooms.
- Organize workshops on Industry - Academia innovative practices.
- To encourage the faculty students for patents registration.
