About the event

Kisan Diwas or National Farmers Day is observed on December 23 across the country to praise the farmers as they are the spine of India. The day was chosen to honour the birth anniversary of the fifth Prime Minister of India, Choudhary Charan Singh.

National Farmers Day is celebrated every year, especially in those states which are actively engaged in farming, such as Uttar Pradesh, Punjab, Haryana, Madhya Pradesh, among others.

Farmers are the backbone of society. They are the ones who work around the clock and all the year to ensure that people don't starve and die of hunger, but they themselves struggle for 2 square meals a day. Therefore, to promote awareness, to help and reward farmers for their contribution to society, Farmers day is celebrated every year.

PROGRAMME OBJECTIVES

It is celebrated to promote awareness among the citizens to understand the importance of the contributions of the farmers to the society and overall economic and social development of a country.
